

# **USB 6-in-1 Reader/Writer**

## **Quick Installation Guide**

---

### **Introducing the *USB 6-in-1 Reader/Writer***

The *USB 6-in-1 Reader/Writer* is designed to support USB equipped PC computers. This streamlined, portable, memory card reader/writer allows users to read and write to six memory card media.

### **Features and Benefits**

- Compliant with USB Specifications, Version 1.1
- Achieves data transfer rates up to 12 Mbs/sec
- Low power consumption-powered from the system. No power adapter required!
- Hot-swapping feature allows you to attach/detach USB devices without first powering your computer off
- Designed for devices using CompactFlash, IBM Microdrive, Smart Media, Memory Stick, MultiMediaCard (MMC), and SecureDigital (SD) memory cards including digital cameras, MP3 players, PDA's, hand held computers and more

## **System Requirements**

- Pentium or equivalent PC computer with one available USB port
- Windows 98/98SE/ME/2000/XP

## **Package Contents**

- (1) *USB 6-in-1 Reader/Writer*
- (1) USB cable (Type A to mini Type B)
- (1) Driver CD
- This quick installation guide

## **Layout**

**Figure 1. Reader/Writer Layout**

## **Installation**

Throughout **Windows** installation, you may be prompted to insert Windows Installation CD. Some files on this CD are necessary to complete driver installation. Please insert CD when prompted and follow on-screen instructions.

## **Windows 98/98SE/2000 Installation**

Make sure the driver is installed prior to connecting the Reader/Writer.

1. Insert the driver CD into the CD-ROM drive.
2. Click **Start** then **Run**. Type **D:\Setup.exe**, then click **OK**. (Change **D:** to match your CD-ROM drive)
3. Click **Next**, select **Complete**, then click **Next**.
4. Click **Next**, **Next**, then **Finish**.
5. Restart Windows to complete driver installation.

## **Windows ME/XP Installation**

The driver is built-in with Windows ME and XP. Simply connect the *USB 6-in-1 Reader/Writer* into an available USB port and the driver will install automatically.

## **Connecting the Reader/Writer**

1. Connect the USB cable to an available USB port.  
The included USB cable has two different connectors. Only one connector fits the USB port.
2. Connect the other connector of the USB cable to the *USB 6-in-1 Reader/Writer*.

## **Inserting Memory Cards**

For CompactFlash, IBM MicroDrive, and Memory Stick memory cards, insert with the top label facing up.

For SmartMedia, MultiMediaCard, and SecureDigital memory cards, insert with the gold pins facing up.
